Alpine Trek

Colors and materials reminiscent of '70s trekking gear identify two different takes on the S8000, shoe as bold as an alpine climb.

Gli Arditi

Inspired by fabrics typical of mountain trooper uniforms, N9000 and V7000 acquire premium status thanks to semi sartorial workmanship and to the use of fine Italian textiles: waterproof cordura, high-quality wool and felt. All for two unique and special shoes.

Amazzacaffè

An after-dinner shot of liqueur: this exquisitely Italian ritual comes alive in Intrepid, N9000 and V7000, three sports models now in the most delicious of hues.
